

**Legend**

-  Built Form to reinforce the line of important routes and edges
-  Main Street Buildings
-  SDZ Boundary
-  Landmark buildings at important nodes and focal points

**Village**

Street character and sense of urbanism to be achieved as appropriate through:

- building height, to create sense of enclosure
- continuity of building frontage
- building line close to pavement edge
- landmark type buildings
- variation in line of street to allow for unfolding vistas along its length

NOTE: Location of buildings, roads and open spaces are indicative and subject to detailed design.
